

[German Institute for Construction Technology]  
An institution under public law jointly supported by  
the Federal Government and the Länder

Approval and approval body for construction  
products and construction methods

Date:  
03.01.2024

File reference  
III 53-1.42.1-5/22

## Decision

on the Amendment and Extension of the  
period of validity of the  
General Technical Approval  
of 30 November 2018

Approval number:  
Z-42.1-432

Period of validity  
from: **3 January 2024**  
to: **3 January 2029**

Applicant:  
**Geberit International AG**  
Schachenstrasse 77  
8645 Jona  
SWITZERLAND

Matter of approval:

**Wastewater pipes and fittings with the designation "Geberit Silent-PP" made of  
mineral-reinforced PP-C for domestic installations**

This decision supplements and extends the period of validity of the general technical approval No. Z-42.1-432 of 30 November 2018.  
This decision consists of three pages. It is only valid in conjunction with the above-mentioned general technical approval and may only  
be used in conjunction with it.

## DIBt

DIBt / Kolonnenstraße 30 B / D-10829 Berlin / Phone: +49 30 78730-0 / Fax: +49 30 78730-320 / email: [dibt@dibt.de](mailto:dibt@dibt.de) / [www.dibt.de](http://www.dibt.de)

## I GENERAL TERMS

The General Provisions of the General Technical Approval No. Z-42.1-432 shall be replaced by the following version:

- 1 The general technical approval proves the usability of the object of approval within the meaning of the state building regulations.
- 2 The general technical approval does not replace the permits, approvals and certificates required by law for the implementation of construction projects.
- 3 The general technical approval is granted without prejudice to the rights of third parties, in particular private property rights.
- 4 Without prejudice to further provisions in the "Special Provisions", manufacturers and distributors of the subject matter of the registration must provide the user of the object of registration with copies of the general technical approval and point out that the general technical approval must be available at the place of use. Copies of the general technical approval must also be made available to the authorities involved on request.
- 5 The general technical approval may only be reproduced in its entirety. Publication in excerpts requires the approval of the German Institute for Construction Technology [DIBt]. Texts and drawings of advertising leaflets may not contradict the general technical approval. Translations of the general technical approval must contain the note "Translation of the original German version not checked by the German Institute for Building Technology".
- 6 The general technical approval is granted revocably. The provisions of the general technical approval can be supplemented and amended subsequently, in particular if new technical findings require this.
- 7 This decision refers to the information provided by the applicant in the authorisation procedure on the subject matter of the authorisation and the documents submitted. A change in these approval bases is not covered by this decision and must be disclosed immediately to the German Institute for Construction Technology.

## II SPECIAL PROVISIONS

The special provisions of the general technical approval are amended as follows:

The decision is supplemented by two additional raw materials in accordance with the recipe information stored with the DIBt.
